*RENTYL offers vacationers the comforts of private residences complete with luxury resort experiences and amenities.*

**ORLANDO (September 27, 2018)** — [NDM Hospitality Services](#) is pleased to announce the launch of **RENTYL**, a dynamic hospitality organization that is altering the tourism industry with the introduction of a new sector called Branded Vacation Home Resorts. Through its Branded Resorts, **RENTYL** will offer guests a consistent standard that delivers the essence, look, and feel that guests expect from resort style accommodations hence creating a truly special vacation.

“Through my own travel, whether for business or leisure, I recognized there was a large gap in the market that was not serving guests seeking the comforts of a private home without sacrificing resort amenities and services,” said RENTYL’S founder Nicholas Falcone. “Our Mission at RENTYL is to create vacation home resort brands that will foster bringing families and friends together for amazing vacation experiences. We are taking the product of vacation homes and combining it with the experience, amenities, and services of a resort to blend the best of both.”

RENTYL originated in the Orlando/Kissimmee market with its luxurious Branded Vacation Home Resort, Encore Resort at Reunion, and will be expanding with the introduction of Margaritaville Resort Orlando in early 2019. Encore Resort at Reunion currently features 500 homes with more than 4000 rooms, (expanding to 800 homes with 6500+ rooms), and Margaritaville which will have 900 cottages and more than 4000 rooms at the completion of its buildout. Whether gathering for a family getaway, retreat or reunion with friends, each RENTYL brand reflects a distinctive style inclusive of private pools and luxury accommodations to world-class services and amenities ranging from water parks, to fitness centers to gourmet restaurants to in-home private chef experiences and spa services.

RENTYL’S current Branded Vacation Home Resorts include:
