

Brockencote Cellar

Food is our passion, wine is our pleasure

We are regularly asked what our favourite wine is, our answer would be that there are so many great wines made in the world that it depends upon the occasion, menu choice and individual palate.

With this in mind, we are proud to have created an exciting wine list with representation from around the world, selecting a range of wines that offer a variety of grape types to suit many dishes. These fantastic wines come equally from individual family producers to large winemaking companies, all of which have an important place on our list.

If you would like to talk about any particular wine or need some help making your selection please feel free to ask. However, we are great believers in "Drink what you like, when you like."

Should a wine or vintage become unavailable we will be pleased to offer a suitable alternative. Where possible All prices shown include VAT at the current rate. All wines on the list contain between 8% and 18% Alcohol by volume. All our wines contain sulphites unless stated.

A discretionary service charge of 10% will be automatically added to your bill
